

Remembering Lennox Castle

Our Stories Our Lives

'Remembering Lennox Castle' is a chance for ex-residents to tell their stories of what life was like in the 'Castle' and their triumphs and successes since leaving.

- ▶ The project will be run by two organisations working with people with learning difficulties, **Project Ability & C-Change**. The Project is funded by the **Heritage Lottery Fund**.
- ▶ The project is open to ex-residents as well as their family members and people who worked at Lennox Castle Hospital. Though this can also apply to people formerly associated with other long stay hospitals.
- ▶ The aim is to create a 'memory bank' of stories and images. There will be a film, book and website created from the content collected during this project.

Project Launch Day

Friday 24th of February

10am - 3:30pm

Where?

Project Ability
Trongate 103
Glasgow G51 5HD
